

My dear fellow Pilgrims,

As we have already mentioned, the impact of our Lady of the Pillar's words and encouragement to St James takes full fruition in Compostela. We walk together and we have faith that in everything we do, little or great things, if we do it in love and in God's presence, surely will make a difference.

We learn a little something about the symbol of the scallop shell in relation to the spirituality of the Camino, and our spiritual pilgrimage in general.
